

Professor Alan D Cameron MD FRCOG FRCP (Glas)

Alan Cameron has been a consultant obstetrician in Glasgow for 25 years. He undertook his subspeciality training in Maternal Fetal Medicine in the University of Calgary, Alberta, Canada. After this he was appointed Lecturer in the Department of Obstetrics and Gynaecology in Glasgow. He has retained an active research profile and he was rewarded with an Honorary Professorship from the University of Glasgow in 2007. His main research interests are in prenatal diagnosis and fetal therapy. He was Scottish Members representative on RCOG Council from 1996-2002 and was President of the British Maternal and Fetal Medicine Society from 2005-08. As a former chair of the RCR/RCOG standing joint committee he helped develop the current RCOG Ultrasound training modules. In 2008 he was elected as the Scottish Fellows representative on RCOG Council and was reelected in 2011. He chaired the Scottish Committee of the RCOG from 2009-13. He is the RCOG representative on the National Screening Committee and is involved in various projects with the Fetal Anomaly Screening Programme. He was the local President when the European Board of Obstetrics and Gynaecology took place in Glasgow in 2014. From 2013 -16 he was Vice President for clinical quality at the RCOG. He is the co principal investigator of the flagship RCOG project 'Each baby Counts' and is the senior clinical adviser to the Lindsay Stewart Centre for audit and clinical informatics at the RCOG.
